E. P. BRYAN, Agt.

To-day is the sixty-fifth anniversary of the founding of Odd Fellowship in America.

The Louisville Exposition will open on the 16th of August and close October 25th.

We are under obligations to Mr. John T. Gray for late files of Washington, Baltimore and New York papers.

Mr. W. S. Saffell has been promoted from U. S. Storekeeper to Gauger, and will enter upon the discharge of his duties the first of the month.

The K. M. I. and White Hall Base Ball Clubs will play a match game at Lake Park to-morrow afternoon, at 3 o'clock. Admission 25 cents; ladies free.

The protracted meeting is still in progress at the Baptist Church. There have been thirteen additions so far and the meeting will probably be continued during next week.

Dr. W. Lee Crutcher and family, who left this county last fall for California to reside, returned here on Tuesday. Having tried both the Golden State and Texas, they came to the conclusion there was no place like old Kentucky.

As the procession moved through the streets Thursday the ROUNDABOUT heard one lady remark to another:

"There is Governor Knott."

"Does he chew toln?" Was the reply.

Parker Hardin, who shot Arthur Glare two weeks since, was brought before Judge R. A. Thomson and Esquire Pat McDonald Monday, waiving an examination and gave bond in \$500 for his appearance at the next term of the Circuit Court.

Mr. Byron Scanlan caught two large Leather Carp out of his pond the first of the week, one weighing 7 pounds, 9 ounces, and the other 9 pounds, 2 ounces. They were only about 18 months old and pronounced splendid by several of his neighbors, who were invited to help eat them.

By reference to another column it will be seen that the executors of the late Dr. W. L. Crutcher will offer at public sale, on the 15th of May, all his real estate and personalty. Some valuable property will be put up and captials seeking a safe investment of their funds should be on hand.

While the procession was being formed on Broadway Thursday morning the Steam Fire Engine, E. H. Taylor, Jr., collided with a buggy in which were seated Hon. N. S. Walton, of Boone, and Mr. Robt. Tyler, Door-keeper of the House of Representatives, and one of the hind wheel of the buggy was broken off, spindle and all.

Not our Funeral.

Some of the Members of the Legislature took occasion to say harsh things about Frankfort because they were asked to appropriate money to defray the expenses connected with the ceremonial of unveiling the Elliott monument, claiming that the city should have borne it all. They lost sight of the fact that the city had nothing to do with the matter, as it was one belonging entirely to the Court of Appeals, and the City Council and city officials who participated in the public did so at the invitation of that body.

SELLS BROTHERS'

Great Exhibition. Under the Largest Tents Ever Erected, Coming in a Few Days.

This extraordinary combination of Enormous Rail-road Shows, and whose announcements are causing the public to await its coming in anxious expectation, will positively reach Frankfort on Thursday next, May 1st. The single fact that this Colossal Combination requires more tents than any other existing show, will bear irrefutable testimony to its comparative immensity, and to the reflecting mind comes the enigma—How can a combination so vast, and one requiring, for its daily expenditure, such a necessarily enormous outlay of money, ever take enough money at its doors to make its financial success a certainty? We give it up! But from the nerve its plucky managers evince in assembling and putting before the people a show of such unprecedented magnitude, it would seem that they are strong in the belief that there is no limit to public patronage, when features and novel attractions are massed in such astounding proportions, as the union of their various popular amusement ventures have enabled them to accomplish.

Sells Brothers' Enormous Railroad Show is the only traveling tented exposition in the world with fifty cages of living wild animals, a pair of living male and female Hippopotami, and with four great circus rings.

"Dance of Hearts" wins every time during the week at the Grand Opera House, Brooklyn, the first presentation of this lively piece, last night filling the house and forcing up the sign, "Standroom only."—N. Y. World, February 26, 1884.

At the Opera House Saturday, May 3d.

FRANKFORT ROUNDABOUT.

Bagdad.

Miss Josie Moore has returned from a visit in Fayette county.

Mr. Reuben Moore, of Scrabble, returned home Tuesday from Fayette county.

Miss Fannie Moore returned from Croppers Station Tuesday, where she has been the guest of her cousin, Miss Lulu Hall.

Harp.

Hurrah for Gaines.

Planting corn is at hand.

Mr. O. B. Polsgrove is on the sick list this week.

Miss Bella Daulton has about recovered from a recent illness.

There is a good deal of sickness in this neighborhood at present.

Funny must have made his appearance in this section last week.

Mr. Pen Stigars has returned to this neighborhood after about eight years' residence in Indiana.

Mr. Collins' deputies are getting as numerous as correspondents for the ROUNDABOUT. There is one in every school district.

Tobacco plants are coming up very well as far as I know, and there is very good prospects for a good crop of all kinds this season.

Mr. Hiram Smoot has been around shaking hands with his friends the last few weeks. He is thinking of making the race for Jailer at the next regular election.

It is being rumored that a gentleman in this section (called Deputy) gets the appreciated sum of \$300 from Leslie Collins for his assistance in the sheriff's race in the May election.

Wheat looks splendid; oats look very well, but some were very late in sowing out this season; there will be good crops raised in this section if there is much work done. The soil is ample rich to produce anything that is planted.

The tow-boats James Taylor created quite an excitement in Elkhorn section. Some of the people, not knowing what was up, were frightened, left home, and some men that were not frightened too bad got their guns and followed in hot pursuit for about two hours. When they reached the river they discovered the boat from the top of the hills and their animal was caught. They returned home and enjoyed a hearty laugh over their fun.

U. KNOW.

Scrabble.

Abraham Kendall, who is diseased with cancer, is growing worse.

Mrs. Scoble, who has been sick for some time, is thought to be improving.

The weather here is very cool for the season. We have had some rain and snow this week.

Sarah Samples, daughter of Samuel Samples, is very sick and not expected to recover.

There is a new store being erected on Backbone creek, near Scrabble, and is to be carried on by Isaac N. Wilson and W. M. Penn.

Mr. Marion Wats, of Willow Branch, is expected to return to his residence Monday, accompanied by his new wife, Mrs. Lida L. Stephens, of Woodford county.

A little child of Johnny Samples was placed in a chair a few days since, near a kettle of soap, while its mother was mending the fire. The child pitched forward and fell with one arm in the kettle. Its mother pulled it out as quickly as possible, though the child's arm was burnt to its shoulder, and the mother was also burned very badly by the soap which fell from the child.

Died.—April 3d, of consumption, Mahala Allison, wife of Thomas Allison, leaving a husband and two little children to mourn her loss; also an aged father, mother and three sisters.

My beloved friends, there is a brighter world above, where all the angels meet; we are traveling onward to that land where friends no more shall weep. She is gone, but sad thought, though you will meet her again. She has passed from this world of affliction and trouble to a land that is pure and bright. She but lives a sublimer life, has been called to her native home to dwell, where they shall not see thy face, nor hear thy voice more on earth, we can but bow our drooping heads in sorrow, and humbly say, "Thy will be done, oh blessed Redeemer, on earth as it is in heaven." As the flower withers and dies so she, like it, will rise and bloom in eternal beauty. Dear broken hearted ones, we deeply sympathize with them. I would that I could comfort the be-

reaved ones. I can but say, weep not, dear friends, your pure spirit is employing the pleasure of that golden land, where never is heard the mournful cry, "My friend, my beloved, is dead." Let us follow in her footsteps. Remember her virtues and prepare to meet her in the climes of eternal glory.

M. E. W.

Beech Ridge.

Corn is high and scarce. Some parties are holding for five dollars per barrel in crib.

Mr. Dick Pindexter is about to sell his wooden mill machinery to Mr. A. T. Steadman.

Mr. T. D. McCarty had a congestive chill last week and is now very low with typhoid fever.

Mrs. C. C. Lewis has returned home after some weeks visit to friends and relatives in Owensboro.

Mr. Zack Lushy was in this neighborhood last week buying wheat for A. K. Lair, of Georgetown, at \$1.00 per bushel.

Mr. J. H. Gatewood has moved the post office from his former business house to the basement room of his dwelling house.

Mr. Harlan Bond purchased a nice horse in Lexington Monday, price not known, and Mr. C. B. Bruner purchased at same time and place 16 nice cattle at \$35 per head.

Boy Sparks has returned home from Georgetown, where he went a few weeks ago with the intention of raising a crop of tobacco for his Uncle, but says the wind blows too hard there for him.

Dr. J. N. Riley sold his crop of tobacco to Florian & Wingate of Woodlake, at 5 cents per pound, and Dr. C. T. Ford sold his crop to M. B. Lucas, of Forks Elkhorn, at 9 and 2 cents per pound.

IDOLA.

Monterey.

Tobacco plants are reported to be plentiful in this section.

Chas. N. White is erecting a nice dwelling in West Monterey.

Mrs. Wilhoit and Mrs. Lawrence have just returned from Cincinnati.

BORN.—To the wife of J. A. Ireland a daughter—Edith Alice; weight 9 lbs.

Fishing is now in order and the striping shad seem to be in their glory.

I made a remark in my last letter on which the editor of the Owen News has challenged my veracity. If I was not mistaken that gentleman was present himself when a gentleman told Col. J. C. the man who accompanied him to town conversed in the manner that I referred to. I did the same in a casual way and not to cast the slightest insinuation upon any person of eminence. But after such an outburst of abuse, I will not be afraid to let them services to do the kickling that may be extirpated from hedges so that he may join "Tom Pippin" and the balance of his associates whose names seem to be so familiar with.

The matrimonial wave struck our town in full blast the 15th inst., and carried with it two of our prettiest belles, Misses Hattie Head and Carrie Hardin, who were led to the nuptial altar in the Baptist Church in this place by W. M. Combs and J. B. Sanford, where many friends and relatives were assembled to witness the ceremony, which was performed in a very impressive manner by Rev. J. A. Head.

The bride was led to the altar in a richly dressed suit of greyish green in black cloth cut Prince Albert style. After the marriage the wedding party left for Cincinnati, where they expect to remain for a few days, when Mr. Combs will take his bride to Polsgrove's Landing, where he has his house furnished ready to receive her. Mr. Sanford will bring his bride to Mrs. M. S. Hardin's boarding house, this place.

ROUNDABOUT.....Supplement.

Hon. Cyrus W. Threlkeld, former member of the Legislature from Owen county, has bought a farm near Wood lake, this county, and removed there to reside.

That exceeding bright and clever comedy, "The Deuce of Hearts" was produced at the Grand Opera House, last evening with every indication of a successful engagement. There was a large audience present, and over two hours of the comedy furnished uncheeked hilarity. "The Deuce of Hearts" contains all the elements of success, and it has doubtless entered upon a prosperous career; it is moreover capably played by Messrs. George R. Edeson, Spencer Harrison, John F. Ward, G. H. Leonard, Miss Louise Balfé and others.—N. Y. Star, February 26, 1884.

At the Opera House Saturday, May 9d.

Bridgeport

Measles still prevail.

Mr. Guilford Sanders is sick.

Mrs. Thos. Freeman is quite sick.

The electrocine ring business seems to be on the increase.

Mrs. John Armstrong is ill—her recovery is doubtful.

BORN.—April 10th, 1884, to Mr. and Mrs. Thompson's wife, a daughter—Minnie.

Sam Clegg, who has been sick for several weeks, still remains in a precarious condition.

Owing to the cold wet weather of the past week, farming operations have been very much retarded.

Mrs. Malinda Dillon, of Anderson county, has been visiting relatives in this section for several weeks.

Miss Et. Alexander, of Frankfort, has returned home from a visit to friends and relatives in this place.

Mrs. Sallie Chin, of Frankfort, has returned home from a visit to her brother, Dr. Geo. Chin, and family in this town.

Mr. J. S. Roberts and wife, and Mr. Beny Hieatt and wife, all of Shelby county, attended the funeral of Little Mamie Roberts last Sunday.

The circulation of bills announcing the advent of Selt's Bros. Circus and Menagerie at Frankfort, May 1st, creates quite a joy in this vicinity, especially to the juveniles. Of course the grown people do not care for such things?.

The citizens of this burg are very much improving their premises by additional buildings, fencing, &c. We hope now that an inclination in this direction having seized hold on the minds and consciences of the people it will give them no rest till every needed improvement shall have been provided for the comfort, convenience and pride of this entire vicinity. Were it not for the fact we have so often alluded to and urged the subject of a school-house in our town, would be inclined to log the memory of the District in regard to the matter again. But a hint to the wise is sufficient.

IN MEMORIAM.

DIED.—Little Mamie, infant daughter of Oscar and Lizzie Roberts, in this town April 18th, 1884, of bronchitis. Just as she was beginning to possess those charms so attractive in childhood the little cherub was gently and lovingly plucked from the family circle as a jewel from the basket, and transplanted into that world of eternal bliss-mind the Blood Washed Throng where sickness and sorrow, pain and death are felt and feared no more. Consider, therefore, fond parents, that while "It's hard to part from those we fondly love," you have the consolation of knowing that your darling little babe is "safe in the arms of Jesus, safe on the evergreen shore" protected from the ills and perils that beset the dwellers of earth.

Was not therefore but rather rejoice at the good fortune of little Mamie? "Almighty God 'tis right, 'tis just, That earthly forms should turn to dust; But oh! the sweet, transporting truth, The soul shall bloom in endless youth." C. H. P.

Cedar Run.

Henry Moore has a full stock of measles.

Lannie Flynn, of Stoney Creek, was around last Sunday.

Lena Voucher visited Stoney Creek Saturday and Sunday.

W. A. Moore is putting up a mile and a half of barbed wire fence.

Miss Alice Middleton went to Lawrenceburg on business last week.

Mrs. Williamson and William Plummer are getting along very slowly.

Mrs. Mollie Sandford, of Louisville, is visiting the family of James Flynn.

Farmers are making but little progress on account of the rainy weather.

Miss Mary Thompson visited her cousin Lili, at Point Pleasant, Saturday and Sunday.

John Moore's hand is improving. He is visiting the family of his uncle, Job Smith, of Bloomington.

Misses Cordie Wallace and Hullie Haydon, after several weeks visit to this neighborhood, returned to Qualty corner last Monday.

Mr. Robert True, of Truesby, Owen county, made a short visit in this vicinity last week. He says he was not buying stock, so we will have to guess at his business. If we are not mistaken we came again, J. R.

We think that the scales are changed. Instead of Price Moore making an impression on one of the girls, judging from his pale looks on Sunday, the impression went the other way. You had better wait my boy, till you learn the tricks, as I did.

NIP AND TUCK.

Flat Creek.

Mrs. Squire Tracy is very ill.

Mrs. S. R. Lee is on the sick list.

Doctor Alex. Bailey is keeping bachelor's hall.

Mr. Will North has put up a new patent fence on Mikes branch.

DIED.—Monday, April 14th, Mr. Robert Johnson, of consumption.

Mr. Rams. Peyton is the foremost man on the track planting corn this year.

The Hon. ex-Governor James B. McCreary, was electioneering in this vicinity last week.

Mr. James Wade sold two sows and fifteen pigs last Thursday to Wm. Bell, of Shelbyville, for \$35.00 each.

Mr. Charlie Baker and wife, of Flat Creek, and Mr. Israel Tharp, of Jacksonville, visited Estl. W. B. Tracy last Sunday.

If Minus Nemo wants a pipe for himself and that young lady he spoke of he can call on the boss carpenter and secure a pipe.

There is a young man in this vicinity that wears rather a sad countenance since his girl has emigrated from his neighborhood. Cheer up, Newton, she will return bye and bye.

A boy about 16 years of age, who lives on Lebanon Ridge, out to let any Collins man \$5.00 that Gaines is elected, because his pa and Uncle Tom and Uncle Wash are going to vote for him.

A salom should not say so much about Buddy Johnson and Mart Pulliam, but say more about Greaser stripping tobacco for a neighbor of his for 40cts, per day, just because there was a girl there.

Minus Nemo has put himself to a lot of trouble to hunt up teachers to teach Flat Creek correspondent how to spell. I guess I won't call on him to learn me unless I should happen to attend one of his fine lectures at Pleasant View.

JUMBO.

Mr. Joe Roberts is on the sick list. Miss Maggie Penn, who has been visiting her sister at Pleasureville, has returned home.

Mr. Newt Hails and lady, from Leestown, were the guests of Mr. James Glore last Sunday week.

Mr. Gran. Dickerson and lady, of Long Honnily, visited relatives on Quarry Hill Sunday week.

Messrs. John Will Simones and Mich Smith paid Louisville a visit last week the former to sell his tobacco.

The trees have put on their green garments and the birds are singing their welcome to spring and yet she tarries.

Bro. William Smith preached his introductory sermon at Antioch last Sunday week, and for his first effort was a suc-

cess. His theme was "forgiveness," and he handled it in a manner that would have done credit to older heads. Bro. Smith is a young man raised in this neighborhood and his many friends rejoice over his success.

We are anxious to learn the problem worked out at the Walston spring last Sunday week by a young gent from Cedar Run. As he journeyed to Antioch he stopped in my neighborhood to see whether his heart was with him or had he lost it somewhere in South Frankfort, or had it preceded him to Antioch. When last noticed he was consulting the potent article that is said to be all inspiring in its effects, and if consulted frequently it prepares a man to solve many difficult questions. The great men of all ages have drawn inspiration from the same source. But if that failed in the young gent's case we would advise a medicated dose, say 8 to 12 ounces of pure water added half an ounce tinct assafoedita, which is a mild and good disinfectant for the oracle consulted. Since writing the above I have learned from a friend of his that he had found it late that same day somewhere near the corner of Shelby and Todd sts., South Frankfort. NIX.

Flag Fork

Mr. Hol. Pool's son is very sick.

Mr. Barnet Gordon had a very fine horse to die last week.

Miss Chisolm, of Benson, is visiting her brother at Bailey's mill this week.

Dr. Austin, of Bailey's mill, visited his friends in Pleasureville last week.

Messrs. Charley Wartfield and William Pool went fishing last Sunday at the mouth of Flat Creek, caught two fish, one weighing 85 pounds and the other 75.

Mr. Charley Quire left Bailey's Mill Monday last for Eminence to act as auctioneer at the big sale of horses. He has safely arrived home again, but has never visited Sandridge any more.

Mr. Wallace Guthrie and brother are preparing for a very large crop. Have already planted 25 acres of corn, and have 25 more to plant and ten acres of tobacco, and have their plants ready for setting.

Messrs. George Oldrich and Ben. Statler are preparing for a large crop this year. They are going to put in two acres of tobacco and four acres of corn. They are offering fifteen dollars a month for a hand to help them.

There is a regularly organized base ball club here, who challenge the world. We want all other clubs to understand that we bet not less than \$500 nor more than \$50,000 on each game, and furnish cushioned seats, ice cream, lemonade and cigars free to any one on the ground. We will play at any time after the 10th of May until the last of September. Our nine are: George Hackett, c., Davis Harrod, p., Lawrence Brewer, s. s., Lawrence Bailey, 1. b., Willie Bailey, 2d. b., Wake Bailey, 3d. b., Forest Bailey, r. t., Luther Black, c., Jas. Wahner, l. f. Challenges should be addressed to E. V. Bailey, Flag Fork.

Tick Ridge.

Captain Simon Hopper was slightly mistaken. The filly is 17 years of age, and no mistake.

Frank and Dan Moore have obtained a contract on the Plum Branch pike, and are putting it through.

John Rossell, having retired from the stocking trade, may be found at his old stand engaged in the potato business.

Mrs. Martha Walston is the champion gardener in these parts. She'll be the first to sit down to peas, beans, corn and potatoes.

Frank Updyke, the veteran fisherman of this locality, is not having his usual success this season in capturing his finny tribe.

Rob. Owen, one of our most energetic citizens, has been sadly afflicted for some time with the complaint known as shingles.

James Knox Polk Moore has been elected President of the Bagdad, Jacksonville & Frankfort Turnpike Road Co. Right man—right place.

The youthful John has been sodding his yard and making things generally look nice. It is presumed the widow can explain what it all means.

Oscar Hale, having realized large profits from the sale of his Owen county tobacco crop, anticipates opening at an early day a first class business house in our midst.

We learn that there is a seine in the neighborhood. We hope to have a plentiful supply of suckers and red horse. All of us were delighted to hear that the fish law had been repealed. It will allow a poor hungry mortal to have a little meat now and then.

Lest some Jackenapes, who knows nothing about geography may marvel as to the location of Tick Ridge, I will explain that its limits commence about one mile west of Frankfort, on the F. & F. Turnpike, and embraces about one square mile, including a small village by some called Point Pleasant.

While John Flynn was a few days ago reclining under the shadow of a large oak in the suburbs, he was attacked by an immense *esk* and had not Pete Updyke rallied to his assistance he would have been badly used up. The *esk* seemed to be of great age, having the letters C. S. A. faintly branded on its back. It is still at large.

Our place is gratified beyond expression to learn that the County Court has subscribed to the Bagdad, Jacksonville & Frankfort Turnpike. This pike intersects the F. & F. road in our limits. This is the first stretch of the court ever subscribed to, and we are to be located on a thoroughfare coming from some place, with its terminus at another.

It is reported that a certain maiden of hereabouts, of no very particular age, after much reflection has come to the conclusion to live in single blessedness no longer. So mote it be. We glory in her spunk.

There n'er was a goose so grey,

But some day, soon or late,
Some honest gander came that way
And chose her for his mate,

We notice in passing into Frankfort a little village twixt here and there, and known by the euphonious appellation of Belle Point, is putting on metropolitan airs. Would you believe it? she's got up street lamps! and, we do hear she wants a voting precinct down there. Now I think with all her multifarious Judges, Generals, Colonels, Majors, Captains and Marshals, she has enough. Too many magistrates now—better reduce than increase expenses. Greedy, restless little Belle Point—never satisfied.

If any of your readers are anxious to know who your correspondent is, let them attend church next Sunday at Antioch. I'll be there—looking as dudish, but not as consequential, as the gentleman from Owen.

RED EYE.

Jacksonville.

We want to know why Bird Dodson don't invite the boys in the parlor when they call, but we slyly guess we know why.

Mrs. Prescilla Bright has opened her school at this place with flattering prospects, we are glad to say, which she well deserves as she is a competent teacher.

As our new road is completed, the High Bridge is finished and Greaser discharged, we think he might devote the rest of this summer at least to procuring a wife.

Mr. J. P. Moore says he cannot imagine why it is that Sammy Demaree and Ira Green are still coming to his house, as his apples are all gone. Speak up, young gents, and tell the old man why.

It is thought by many that our neighborhood town, Laputa, is likely to become a great turnpike centre. The roads are now surveyed and staked and all that is needed is for Boss Banter to give the word of command in his usual mild and gentle tone, and the boys will fall to like clock work. We hope he has the handle in his pocket ere this.

Our young friend Robert Johnson died on the 11th, at five o'clock, of consumption, after many months of lingering illness, which sad event the community deeply regret. This is truly a bereaved family. In less than five years five grown children have passed away with this fell destroyer. The father, mother, brothers and sisters have our sympathy. The funeral took place from Indian Fork on the 16th, where an able sermon was delivered by Rev. J. A. Peters, after which he was interred by the side of the three sisters and one brother who had preceded him, to await the call of the last trump. He left every evidence that it was "far better to depart and be with Christ ever more."

ABSAKOM.
